personalized landing page for loop-clip download,
logo integration into the clip, photo branding overlay,
photo printing flat rate

Smooth motion effect thanks to 12 integrated
cameras. Perfect to use props like confetti.

INTERNORGA **OFF THE RECORD**

SNAP**CUBE**

SNAPCUBE

You want to rent a module, but the scenery is not suitable?
We support you in creating memorable settings. We like to rely on the effect of light. The LED backlit exhibition walls attract attention in any environment.

FRAMES

The mobile exhibition modules allow multiple combinations. The built-in technology enables real interaction. The frames can be used as Photobooth, Touchtable, Display or much more.

TOUCHTABLE

As part of a frame or as individual modul.

Hardware Rental:

1,450€/Day

In addition, there may be costs for motion design, for example, or for restoring existing data.

AR & VR INSTALLATIONS

Fun games, digital graffiti and many other applications are possible in combination with VR glasses.

Via AR, for example, favorite characters can virtually enter the room or become part of your photo.

CREATIVE CONCEPT CREATION

GOOD TO KNOW

▷ Concepts for events of all kinds

▷ Knowledge of the latest technologies

▷ Concepts with new or existing hardware

▷ We start from scratch or enhance existing concepts

DESIGN | TECHNOLOGY | EQUIPMENT | DECORATION

CREATIVE CONCEPT

HOW WE CAN HELP YOU TO REALIZE YOUR IDEAS

We are delighted to assist you in finding the perfect concept tailored to your needs. Simply inform us about the scope of your event or project, and we will be more than happy to create a customized solution for you.

**YOU CAN COMBINE MULTIPLE INTERACTIVE MODULES TOGETHER**

Visitors can be Mickey themselfes due to virtual pantomime

Photobooth with greenscreen allows visitors to „step into different worlds"

A touchtable is the perfect opportunity to show interactive content like quizzes or movie trailer

Instead of hand gestures the touchtable content can be activated with little action figures

QR codes bridge physical and digital worlds, directing users to various lead generation tools efficiently

CREATIVE CONCEPT

**THE JOURNEY FROM CONCEPT TO FINISHED BOOTH:
A FEW EXAMPLES**

Sometimes the concept visualization and real setup looks almost the identical

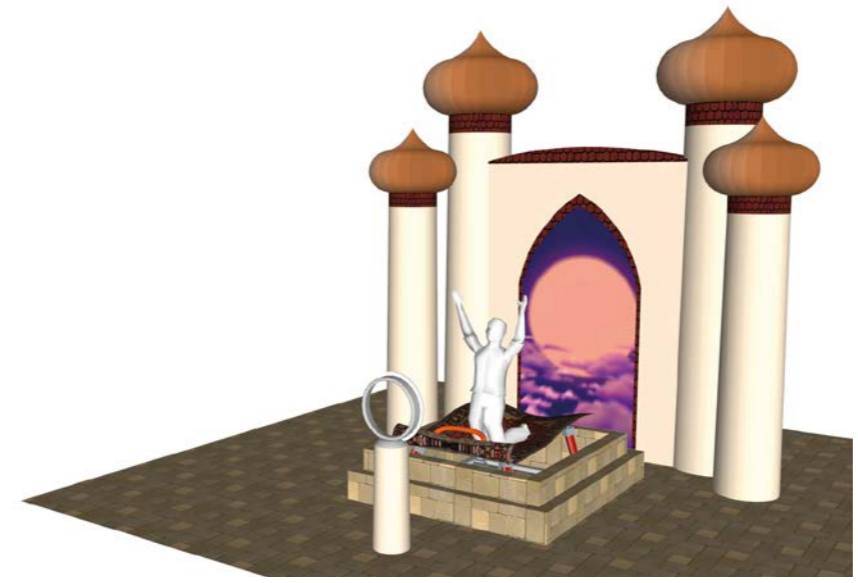

The Idea: Ball pit where you can take photos from a bird's eye view

Due to various factors, the activation was replanned into a classic photo box. The new highlight here was the individual plush animal wall as backdrop

CREATIVE CONCEPT

SOME CONCEPTS

CREATE MEMORIES
Implementation of a mini-game and photo frame

INTERACTIVE GIF BOOTH
Featuring a motion platform and a fan simulating wind

CUSTOM BUILT ARCADE MACHINE
With a self-developed game as an addition to an exhibition stand

MINI EXHIBITION STANDS

GOOD TO KNOW

▷ Benefit from our all-in-one offerings

▷ We offer the alternative to classic event agencies and booth builders

▷ We specialize in building high-quality exhibition stands suitable for both large trade shows and smaller events or point-of-sale displays

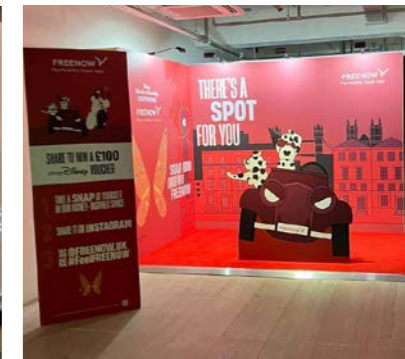

EXHIBITION WALL | BACKDROPS | FOILING

BENEFIT FROM OUR ALL-IN-ONE OFFERINGS

▶ Ditch complex planning

▶ Reusable exhibition stand

▶ No need for an exhibition builder

▶ Resource-saving (in terms of money and time)

▶ Comprehensive solutions from a single source

▶ Possibility to enhance the exhibition stand with our interactive modules – enabling digital extension

DIGITAL PRODUCTS

GOOD TO KNOW

▷ Scalable even for large events

▷ Data protection compliant data processing

▷ Customized solutions or ready-to-use products

▷ E.g. photo contests, quizzes or fundraising campaigns

▷ Can be combined with our hardware like photoboxes

PHOTO DOWNLOAD | CONTESTS | LEADGENERATIONS | DONATIONS

# DIGITAL PRODUCTS

HOW IT CAN MAKE AN IMPACT ON YOUR CAMPGAINS?

▶ Enhanced engagement

▶ Powerful lead generation

▶ Effective data collection

▶ Improve brand awareness

▶ Higher sale numbers

The initial setup costs
2,700€

Prices for usage depending on duration and users starting at
**4,000€**

DIGITAL PRODUCTS

SOME EXAMPLES

LIVE MOSAIC | COPENHAGEN LIGHT FESTIVAL
After a lead form is submitted, the participants photo is securely uploaded. To maintain the integrity of the mosaic and Disney compliances, we deploy powerful AI tools that automatically check uploaded UGC for any inappropriateness. In this case verified photos „fly" into an animated mosaic that was projected on city architecture.

PHOTO CONTEST
Engage audiences to capture and share snapshots of themselves with fun overlays, creating an authentic and valuable connection on live events. We elevate event experiences with powerful photo contests, designed to generate genuine emotions and effortlessly gather high-quality leads from enthusiastic participants.

DONATION TOOL
Direct donations can be made using stripe as well as make-a-wish donations using donorbox. We connect verified fundraising systems to ensure a secure transfer of donations. The donation flow is seamlessly integrated into our webapps, so other features can be combined easily.

DESIGN
AND CODING

GOOD TO KNOW

▷ Layout based on your design guidelines

▷ Adaptations or custom design possible

▷ Customized software developement if necessary

▷ Confidential handling of data (DPA Agreements)
